Dear Roger,

I want to thank you for always meeting my expectations with your honesty, dependability, and excellent workmanship. Because of being a distant owner, I really appreciate you willing to co-ordinate the steam cleaning of the newer Goodman BTU unit over the kitchen of the Taste of India Restaurant. You really go out of your way to exceed customer satisfaction even when it's not really your responsibility. Please feel free to use this letter as a reference to any new clients and I will gladly accept any phone calls from anyone requesting a reference.

Sincerely yours,

Raymond Carrado
